LET’S STUDY AT ASIAN INSTITUTE OF TECHNOLOGY (AIT), THAILAND

The Asian Institute of Technology is one of the leading postgraduate institutions in the Asian region. With the mission of developing highly qualified and committed professionals who play leading roles in the region’s sustainable development and its integration into the global economy, AIT offers a variety of fields of study and interdisciplinary/inter-university programs for students to enroll for diploma, certificate, master’s and doctoral studies.

Located in the North of Bangkok, Thailand, the AIT is composed of the School of Engineering and Technology, the School of Environment, Resources and Development, the School of Management and AIT Extension.

Academic Programs

- Masters Degrees
- Professional Master Degree Programs
- Doctoral Degrees
- Undergraduate Programs
- Certificate of Advanced Studies
- Diploma
- Certificate
- Non-degree continuing education courses for practicing professionals

Fields of Study

- Agricultural Systems and Engineering
- Aquaculture and Aquatic Resources Management
- Computer Science
- Construction, Engineering and Infrastructure Management
- Design and Manufacturing Engineering
- Dual Degree Program in SOM
- Energy
- Environmental Engineering and Management
- Food Engineering and Bioprocess Technology
- Gender and Development Studies
- Geotechnical and Geo-environmental Engineering
- Industrial Engineering and Management
- Information and Communications Technology
- Information Management
- International Business
- International Public Management
- Management of Technology
- Master of Professional Engineering
- Mechatronics
- Microelectronics
• Natural Resources Management
• PETRAIT: The Dual Master Degree Program in Civil Engineering
• Pulp and Paper Technology
• Regional and Rural Development Planning
• Remote Sensing and Geographic Information System
• Service Marketing and Technology
• Structural Engineering
• Telecommunications
• Transportation Engineering
• Urban Environmental Management
• Water Engineering and Management
